Carrera – Pure Speed & Pure Emotions

Who can drift fastest around the bends? Who has the best pit stop strategy? And who can get the most speed out of his Carrera Slotcar? The digital world of Carrera makes it all possible! The racing circus is brought into homes around the world with a pit lane, individually programmable speeds and a pace car function. Carrera makes the dreams of drivers of all ages come true! That's guaranteed by faithfully reproduced details and the lovingly designed Carrera slotcars that have defined the 'fascination of Carrera' for decades, as have the original licenses allowing the reproduction of iconic cars that can hit such incredible speeds.

A new Carrera era begins in 2016: The Race app (p. 122/123) for Carrera DIGITAL 124 and Carrera DIGITAL 132 is now catapulting Carrera into a new age! And the 'Carrera experience' is not just expanding beyond the boundaries of every home into the virtual realm. In the Carrera World something big is happening. Where else can enthusiasts try out a Carrera circuit that is almost 70 metres long? See the sneak preview at p. 136/137.

Take care: The following pages could be very addictive! They may cause collection fixations, race fever and uncontrollable jubilation :-)

Qui dérape le plus vite dans les virages ? Qui a la meilleure stratégie de box ? Et qui peut faire jaillir le plein potentiel de vitesse de sa voiture Carrera ? L'univers numérique de Carrera rend cela possible ! Avec la Pit Lane, la vitesse programmable de manière individuelle et la fonction Pace Car, c'est tout l'univers des courses qui arrive dans le salon. Carrera réalise les rêves des petits et des grands pilotes ! Cela est possible grâce aux voitures Carrera au design sympathique et fidèles jusque dans le détail qui contribuent à la «fascination Carrera» depuis déjà des décennies et qui prennent exemple sur les grands modèles grâce à des licences originales et à leur incroyable vitesse.

2016 sera le début d'une nouvelle ère Carrera : La Race App (p. 122/123) pour Carrera DIGITAL 124 et Carrera DIGITAL 132 propulse Carrera dans un nouveau millénaire ! Et ce n'est pas que virtuellement que l'«expérience Carrera» dépasse les quatre murs de la maison : le Carrera World est un vaste univers, car à quel autre endroit pourrait-on tester un circuit Carrera de presque 70 mètres de long ? Vous pouvez en avoir un aperçu aux p. 136/137.

Attention : Les pages suivantes contiennent un fort potentiel addictif, peuvent entraîner une fièvre de collection ou de compétition et provoquer des chants de victoire incontrôlables :-)

¿Quién derrapa más rápidamente en las curvas? ¿Quién tiene la mejor estrategia de parada en boxes? ¿Y quién puede sacar todo el potencial de la velocidad de su coche slot de Carrera? ¡El mundo digital de Carrera lo hace posible! Con Pit Lane, velocidad programable individualmente y función Pace Car, el mundo de las carreras llega directamente al salón de casa. ¡Carrera hace realidad los sueños de pequeños y grandes pilotos de carreras! De ello se ocupan los coches slot de Carrera fieles a los originales y diseñados con cariño, que ya desde hace décadas representan la «fascinación de Carrera» y emulan a sus modelos de mayor tamaño gracias a licencias originales y su increíble velocidad. En 2016 se anuncia una nueva era de Carrera: ¡La aplicación Race App (pág. 122/123) para DIGITAL 124 y DIGITAL 132 de Carrera catapultará la marca al nuevo milenio! Y la «experiencia Carrera» no solo supera virtualmente el salón de casa. En el Carrera World surgen cosas grandes, porque ¿en qué otro sitio sino se puede probar un circuito de Carrera de 70 metros de largo? Encuentrará un avance en la pág. 136/137.

Atención: Las páginas siguientes entranán un elevado peligro de adicción, pueden provocar la fiebre del coleccionista y de las carreras y conducir a un júbilo por la victoria incontrrollable:-)

Chi è il più veloce a driftare attraverso le curve? Chi ha la migliore strategia ai box? E chi può spremere tutto il potenziale di velocità dalla sua Slotcar Carrera? Il mondo digitale della Carrera lo rende possibile! Con Pit Lane, velocità programmabile individualmente e funzione Pace Car, il circo delle corse arriva direttamente nel salotto di casa. Carrera realizza i sogni dei piloti grandi e piccoli! Questo viene assicurato soprattutto dalle Slotcar Carrera curate in ogni dettaglio e progettate con grande precisione, che già da decenni rappresentano il "Fascino Carrera" ed emulano i modelli grandi con licenze originali e la loro incredibile velocità.

Nel 2016 viene inaugurata una nuova era Carrera: La Race App (pag. 122/123) per Carrera DIGITAL 124 e Carrera DIGITAL 132 catapultà la Carrera nel nuovo millennio! E l'«Avventura Carrera» prosegue, non solo virtualmente, oltre il salotto di casa: nel Carrera World nasce qualcosa di grande - dove si potrebbe altrimenti provare una pista Carrera lunga quasi 70 metri? Una sneakpreview viene fornita a p. 136/137.

Attenzione: le pagine seguenti contengono un elevato potenziale di assuefazione, possono scatenare la febbre da collezionismo e la passione per le corse nonché causare un'incontrollata esultanza in caso di vittoria:-)

Anything can happen

In this race there are almost no limits. No wonder with a Carrera EVOLUTION „Unlimited Racing“ set that features the mean, green 500 hp Lamborghini Huracán GT3 sports car, and the awe-inspiring Ferrari 458 Italia GT.

Cette course n'a quasiment aucune limite. C'est sans étonnement que s'affrontent, dans le kit Carrera EVOLUTION "Unlimited Racing", la Lamborghini Huracán GT3 "No.63", la voiture de sport verte criard aux 500 chevaux, et la Ferrari 458 Italia GT2 "AT Racing, N° 56" imposant le respect.

En esta carrera apenas hay límites. No es de extrañar; en el set "Unlimited Racing" EVOLUTION de Carrera se enfrenta el Lamborghini Huracán GT3 "No.63", el coche deportivo de 500 CV color verde veneno, con el imponente Ferrari 458 Italia GT2 "AT Racing, No. 56".

In questa gara non ci sono pressoché limiti. Niente di strano, perché nel set Carrera EVOLUTION "Unlimited Racing" si affrontano la Lamborghini Huracán GT3 "n.63", l'auto sportiva verde brillante di 500 CV e la temuta Ferrari 458 Italia GT2 "AT Racing, n.56".

An evenly-matched race

The accelerators on the controls are almost always pressed right down, so there are no breaks for the drivers, certainly not in the tight 'Südkurve' bend. A battle of nerves is guaranteed, right up to the chequered flag.

Avec le régulateur manuel presque toujours à fond, aucun répit pour les pilotes, même dans le virage sud très serrée. Une guerre des nerfs jusqu'à ce que le drapeau indiquant la fin soit déployé.

Con los mandos casi siempre al tope, los pilotos no se pueden tomar ningún respiro, incluso cuando se entran en la estrecha curva sur.

Only the fastest

A mere glance at this mega-speed racetrack is enough to push up the pulse-rate of every born champion. So, for the Carrera GO!!!, Speed Run set, only two of the world's fastest and most agile cars will do – the Mercedes and the Ferrari.

Rien qu'en contemplant ce circuit de course ultrarapide, le cœur des authentiques pilotes bat plus vite lui aussi. C'est pourquoi le kit "Speed Run" Carrera GO!!! ne convient qu'à deux des voitures de course les plus rapides et les plus souples : la Mercedes et la Ferrari.

De solo ver este circuito de carreras ultrarrápido, el corazón de un auténtico piloto de alta velocidad late más rápidamente. Por ello, para el set "Speed Run" GO!!! de Carrera también cuentan solamente dos de los coches de carreras más rápidos y manejables. El Mercedes y el Ferrari.

Solo a vedere questo percorso ultraveloce, il cuore di un vero pilota highspeed batte più forte. Per il set Carrera GO!!! "Speed Run" la scelta cade perciò obbligatoriamente su due delle auto da corsa più veloci e maneggevoli: la Mercedes e la Ferrari.

The Challenge

Both of these lovingly and authentically detailed 'Cars' stars look great and drive amazingly as they put in stunning performances around the 6.2-metre circuit; illuminating the track, drivers and spectators with their LED lights.

Les deux stars de Cars font grande impression sur la piste longue de 6,2 mètres, non seulement grâce à la grande attention au détail apportée lors de la réalisation et aux performances de conduite impressionnantes, mais également grâce à l'équipement LED qui fait briller les deux bolides.

Las dos estrellas de Cars convencen en un circuito de 6,2 metros no solo por un modelado repleto de detalles y unos rendimientos en la conducción impresionantes, sino que también están equipados con leds, que iluminan a ambos coches deportivos.

Su un percorso di 6,2 metri le due star di Cars convincono non solo per una realizzazione estremamente dettagliata e le impressionanti prestazioni di guida, ma anche per la speciale dotazione di LED che illuminano i due bolidi.

Wireless racing fun with 2.4 GHz radio controlled technology for Carrera DIGITAL 124/132

The wireless 2.4 GHz WIRELESS+ controller enables a completely new sensation of complete freedom of movement right around the circuit. WIRELESS+ uses 2.4 GHz radio controlled technology. Up to a range of 15 meters / 49.21 ft. the use of frequency-hopping guarantees interruption-free, frequency-independent operation. A powerful Lithium-Polymer battery ensures a minimum of 8 hours of non-stop action. A fully charged battery can even last 120 days in standby mode.

Un plaisir de course sans fil avec la technologie sans fil 2.4 GHz pour Carrera DIGITAL 124/132
 La contrôleur de vitesse sans fil 2.4 GHz WIRELESS+ offre une nouvelle sensation de liberté absolue sur le circuit. WIRELESS+ fonctionne sur la base de la technologie sans fil 2.4 GHz. L'étalement de sauts de fréquence assure un fonctionnement sans interférences et indépendant de la fréquence avec une portée allant jusqu'à 15 mètres. La batterie au lithium polymère très performante permet une durée de jeu de huit heures sans interruption, et même de 120 jours en mode veille avec une batterie chargée.

Diversión inalámbrica en la carrera con la radiotecnología 2.4 GHz para Carrera DIGITAL 124/132
 Con el mando inalámbrico 2.4 GHz WIRELESS+ se tiene una sensación totalmente nueva de absoluta libertad en el circuito de carreras. WIRELESS+ funciona en base a la radiotecnología 2.4 GHz. El salto de frecuencia con un alcance de hasta 15 metros garantiza un funcionamiento sin averías e independiente de la frecuencia. Un potente acumulador de polímero de litio garantiza como mínimo ocho horas de juego seguidas - si el acumulador está totalmente cargado puede durar incluso 120 días en modo Standby.

Divertimento di gara wireless con radiotecnologia 2.4 GHz per Carrera DIGITAL 124/132
 Con il regolatore manuale 2.4 GHz WIRELESS+ si vive una sensazione completamente nuova di libertà assoluta sul circuito. WIRELESS+ funziona sulla base della radiotecnologia 2.4 GHz. Fino a un raggio d'azione di 15 m le frequenze alternate (hopping) garantiscono un funzionamento senza disturbi e indipendente dalle frequenze. Un efficiente accumulatore ai polimeri di litio assicura un tempo di gioco di almeno otto ore nel funzionamento continuo - ad accumulatore completamente carico persino 120 giorni nel modo stand-by.

THE WIDE WORLD OF MOTOR RACING IS BURSTING OUT OF ITS BOX

A dream will be coming true in 2016 for many Carrera fans as the Carrera World opens its doors just a few kilometres away from its Nuremberg-Fürth birthplace, in Oberasbach.

An incredible 2500 m² have been given over to the creativity of interior designers, architects and skilled craftsmen passionate about motorsport and racing circuits, working hand-in-hand with the Carrera team to create a venue to make the heart of every Carrera lover skip a beat:

Exciting and challenging racetracks, a gigantic Carrera circuit for hire for special

occasions, like birthday parties and corporate events, a comprehensive range of Carrera models test drive and rent – and lots more besides.

Carrera RC fans can choose from helicopters, quadrocopters and super speedy buggies! Driving finesse is a must in order to keep control of these versatile cars and helicopters. Who's the fastest? Who's the best?

There's also a special kids' area for the youngest drivers with plenty of room for action, fun and fantastic birthday parties.

We're looking forward to seeing countless grinning children's faces and lots of amusing afternoons!

After so much actual racing, what could be better than a bit of theory? In the library visitors can read all sorts of fascinating and informative articles on the history of Carrera – and motorsport in general. Then guests can hang out and relax in the Carrera lounge, and after the winners have been awarded their trophies there'll be time for a well-earned drink.

ARRERA AROUSES EMOTIONS AND BRINGS BACK MEMORIES!

Several racing drivers and motorsport connoisseurs told us what they associate with the Carrera brand.

eventpiloten

rerra is an important part of our lives. It all began with the first Carrera racing circuit that turned up under the Christmas tree about 20 years ago. Even today we're still having lots of fun with our parents and grandparents as we gather together to race around the digital Carrera circuit. I associate Carrera with memories of the 'Wetten, dass...?' TV show in which we appeared twice to tackle Carrera bets. Furthermore, the Carrera Club gathering is another regular and indispensable event that encourages lots of interesting discussions, competitions and events.

*me, Carrera offers authen-
tically detailed motorsport for
you at home, with an exciting race
atmosphere and tons of action, to
keep Carrera racers of all sizes
hooked. My first racing circuit
was a basic Universal 132 Avus
and I quickly realised I would have
to expand the track and toughen
the challenges - and I never
got off the Carrera bug. In the
same time, Carrera has become
an immense family, particularly
due to the Challenge Tour and
World Championships where
real friendships have been es-
tablished.*
