HISTORY

To the next half century. We go over the limit again.

2016

LOOKING BACK ON 50 YEARS OF KYOSHO, AND LOOKING AHEAD TO THE NEXT.

Dreams and curiosity lead to burgeoning innovation and advances in technology. Kyosho's history is written by the time and process of those dreams taking shape. Its hard to believe half a century has past. While Kyosho is a manufacturer, in truth we are real hobbyists, and will forever be model fanatics.
