

# MINICO®

2014

# NINCO®

NINCO es una compañía establecida en Barcelona desde 1993. Desde 2008 se transformó de famoso fabricante de slot a **proveedor integral de hobby**. Apostamos por la calidad en el diseño, I+D, fabricación, comunicación y comercialización de **coches, pistas y recambios de slot**, así como una amplia gama de **vehículos de radiocontrol que incluye helicópteros, coches, vehículos especiales, aviones y barcos**.

NINCO se ha convertido en uno de los principales proveedores de artículos de hobby tanto **para tiendas de hobby, como jugueterías y grandes superficies**.

- Tenemos experiencia en el mercado
- Tenemos el conocimiento del producto
- Desarrollamos marcas y catálogos consistentes
- Conectamos con el consumidor y las necesidades de los clientes

**Somos un proveedor integral que ofrece gamas competitivas y equilibradas de artículos de hobby y juguete para los distribuidores del sector.**

*NINCO is a company based in Barcelona since 1993. We moved from a slot-only **manufacturer to a full hobby supplier in 2008**. We are devoted to design, R+D, manufacturing, marketing and distribution of slot-racing cars, tracks and spare parts and a full range of **RC vehicles including helicopters, cars, heavy duties, planes and boats**.*

*NINCO has become a main hobby products supplier to retail shops, toy shops and department stores worldwide.*

- We have experience in the market
- We have knowledge of the product
- We develop consistent brands and ranges of products
- We understand customer and retailer needs

**We are a global supplier of a competitive and balanced range of toy & hobby products to toy distributors.**

## THE HIGHEST PERFORMING SLOT SYSTEM

### 1 INSULATED RAILS

A plastic slot between the pick up rails eliminates short-circuits and prevents guide wear. It reduces friction.

### 2 HIGH GRIP

For added traction & better tire performance.

### 3 CONNECTION RELIABILITY

Integral electrical connections provide a clean contact on 3 sides of the pickup for maximum reliability.

### 4 EASY CLIP SYSTEM

Patented easy clip system that allows fast and easy assembling and disassembling.

### 5 PROTECTED RAILS

Protects the rails from dust and others, allowing the player to assemble the circuit on any surface.
