# NINCO®

NINCO es una compañía establecida en Barcelona desde 1993. Desde 2008 se transformó de reconocido fabricante de slot a **proveedor integral de hobby**. Apostamos por la calidad en el diseño, I+D, fabricación, comunicación y comercialización de **coches, pistas y recambios de slot**, así como una amplia gama de **vehículos de radiocontrol que incluye helicópteros, coches, vehículos especiales, aviones y barcos**.

NINCO se ha convertido en uno de los principales proveedores de artículos de hobby tanto **para tiendas de hobby, como jugueterías y grandes superficies**.

- Tenemos experiencia en el mercado
- Tenemos el conocimiento del producto
- Desarrollamos marcas y catálogos consistentes
- Conectamos con el consumidor y las necesidades de los clientes

**Somos un proveedor integral que ofrece gamas competitivas y equilibradas de artículos de hobby y juguete para los distribuidores del sector.**

*NINCO is a company based in Barcelona since 1993. We moved from a slot-only **manufacturer to a full hobby supplier in 2008**. We are devoted to design, R+D, manufacturing, marketing and distribution of **slot-racing cars, tracks and spare parts** and a full range of **RC vehicles including helicopters, cars, heavy duties, planes and boats**.*

*NINCO has become a main hobby products supplier to retail shops, toy shops and department stores world-wide.*

- We have experience in the market
- We have knowledge of the product
- We develop consistent brands and ranges of products
- We understand customer and retailer needs

**We are a global supplier of a competitive and balanced range of toy & hobby products to toy distributors.**

**1 INSULATED RAILS**

A plastic slot between the pick up rails eliminates short-circuits and prevents guide wear. It reduces friction.

**2 HIGH GRIP**

For added traction & better tire performance.

**3 CONNECTION RELIABILITY**

Integral electrical connections provide a clean contact on 3 sides of the pickup for maximum reliability.

**4 EASY CLIP SYSTEM**

Patented easy clip system that allows fast and easy assembling and disassembling.

**5 PROTECTED RAILS**

Protects the rails from dust and others, allowing the player to assemble the circuit on any surface.

One of the best slot competition world wide,  
where the best sloters come together and  
compete to become the master of the world.

There can only be one winner!
